

SURFACE MOUNT LED 3715

E3715A

Warning light, surface mount, 12V

- For applications requiring high intensity output
- Clear polycarbonate lens
- 9 flash patterns
- Extremely rugged build

PRODUCT DESCRIPTION

This compact and versatile LED directional light is ideal for applications requiring high intensity output, low current draw and maintenance-free operation. These premium LED heads feature a clear polycarbonate lens with LEDs that illuminate in the colour of your choice. Warning capability can be customised by selecting from nine flash patterns (via a trigger wire) and synchronising multiple heads simultaneously or alternately. With epoxysealed electronics, these light heads are one of the most rugged and flexible LED products around.

SPECIFICATIONS

Approvals	SAE Class I
Color Lens	Clear
Color light	Orange
EMC	R10
Height	38 mm
IP Class	IP67
Length	130 mm
Light type	LED
Number of light pattern	9
Power consumption	0.4 A
R65	No
Temperature range from	-30 °C
Temperature range to	50 °C
Width	38 mm

Voltage

12 V
