FAN HEATER 150 - 400 W PTC
CS028/CSL028

02801.1-01
CS 028 200W Fan heater, 24V dc, screw fixing

STEGO
SIMPLY INNOVATIVE. BETTER FOR SURE.

- Very compact design
- Quiet operation
- Dynamic heating
- Quick fastener for DIN rail or screw assembly

PRODUCT DESCRIPTION

CS028/CSL028 range is a high performance PTC fan heater; it prevents the formation of condensation and provides an even temperature within the enclosure.

In has a very compact design and is well-suited for use in cabinets and enclosures where space is at a premium.

Because the heater is dual isolated with a plastic casing, the surface temperature never exceeds 50 °C on the 150/250W and 65 °C on the 400 W unit. This means the heater can be mounted relatively close to other components in the same installation, and there is no risk for heat damage.

You can choose between brackets for DIN rails or screw assembly.
