

MAGNETIC SENSORS WITH HALL TECHNOLOGY

637.3463.055

- Transistor output
- Long detecting distance
- Dirt, dust or moisture does not affect the operation
- Detection also through non-magnetic material
- IP65 rated

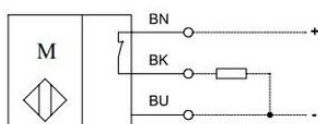

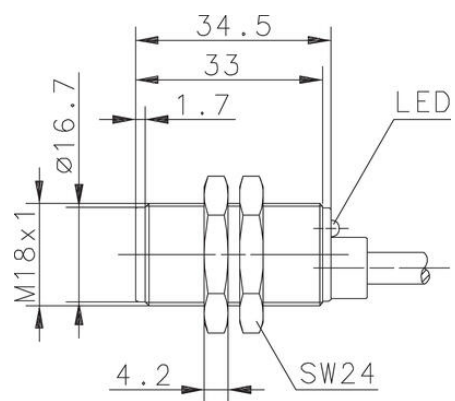

PRODUCT DESCRIPTION

SPECIFICATIONS

| | |
|------------------------|---------|
| Sensing | 35 mm |
| Reference Magnet | T62N/S |
| Output | PNP |
| Material of body | Plastic |
| Cable length | 2000 mm |
| Voltage DC min | 10 V |
| Voltage DC max | 30 V |
| Load Max | 400 mA |
| IP Class | IP67 |
| Temperature range from | -20 °C |
| Temperature range to | 70 °C |
| LED | Yes |
