

MAGNETIC SENSORS WITH HALL TECHNOLOGY

637.3455.060

- Transistor output
- Long detecting distance
- Dirt, dust or moisture does not affect the operation
- Detection also through non-magnetic material
- IP65 rated

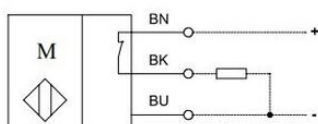

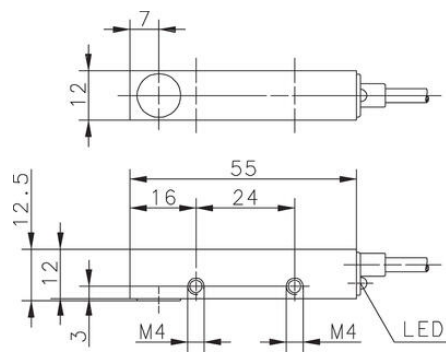

PRODUCT DESCRIPTION

SPECIFICATIONS

Sensing	35 mm
Reference Magnet	T62N/S
Output	PNP
Material of body	Nickel-plated brass
Cable length	2000 mm
Voltage DC min	10 V
Voltage DC max	30 V
Load Max	400 mA
IP Class	IP67
Temperature range from	-20 °C
Temperature range to	70 °C
LED	Yes
