

HG-PET22 PROTECTIVE CONDUIT

0239.692.011

HG-PET022, black 3 - 10 mm, 15m/pkg

- PET-monofile
- Halogen-free, self-extinguishing
- EN 45545-2 [HL3], DB and SNCF approved

PRODUCT DESCRIPTION

HG-PET022 is a special protective conduit made from polypropylene. Highly flexible yet abrasion-resistant material. The conduit withstands mineral oils and it is halogen-, cadmium- and silicone-free. Either black or grey in color. EN 45545-2 [HL3], DB and SNCF approved.
