

G SERIES, WARNING LIGHT Ø120 MM

822501900

WLG / steady light, amber

- Fixed or flashing shine
- Max. 25 W
- IP65
- Bayonet connector

PRODUCT DESCRIPTION

The Series G is AUERs best-value solution for universal applications. The large signal lamp with 48 LEDs produces an excellent frontal and lateral signal effect. The surface-mounted beacon series is available in the size Ø 120 mm with a low calotte. With an ingress protection class of IP65, the G series surface-mounted beacon is recommended for outdoor use.

Mounting options include vertical mounting, this model also contains a bayonet locking system with push button. It is used for general applications due to its attractive price to performance ratio.
