

## BRASS EMC COUNTER NUT, PG THREAD

248MPOT

Counter nut, EMC, PG48, brass

### PRODUCT DESCRIPTION

- With cutting edges
- For secure tightening of EMC-cable glands,
- To cut through paint layers or powder coatings ensuring optimal contact for equipotential bonding,
- Increased vibration resistance

### SPECIFICATIONS

|                                |                     |
|--------------------------------|---------------------|
| Hexagon                        | 64 mm               |
| Material screw                 | Nickel-plated brass |
| Pack Size                      | 50                  |
| Temperature range dynamic max. | 1200 °C             |
| Temperature range dynamic min. | -60 °C              |
| Thickness                      | 6.5 mm              |
| Thread size                    | PG 48               |
| Thread type                    | PG                  |
