

## EMC CABLE GLANDS WITH CONTACTING SPRING, METRIC

50.620M/EMVD

EMC CABLE GLAND M20x1,5

### PRODUCT DESCRIPTION

- For cables with shielding
- Quick and easy EMV connection of the cable shield via the contacting spring with the gland body and the housing potential
- Integrated anchorage
- Wide sealing and clamping range

### SPECIFICATIONS

|                                          |                     |
|------------------------------------------|---------------------|
| Approvals                                | CSA, UL             |
| Cable Diameter Max                       | 13 mm               |
| Cable Diameter Min                       | 9 mm                |
| Hexagon                                  | 22 mm               |
| IP Class                                 | IP68                |
| Length Overall                           | 33.5 mm             |
| Material screw                           | Nickel-plated brass |
| O-ring                                   | Yes                 |
| Pack Size                                | 100                 |
| Packing Materials                        | CR/NBR              |
| Temperature range dynamic max.           | 100 °C              |
| Temperature range dynamic min.           | -20 °C              |
| Temperature range static short term min. | -40 °C              |
| Thread Length                            | 6 mm                |
| Thread size                              | M20x1,5             |
| Thread type                              | Metric              |
