

## CONSTANT CURRENT LED DRIVERS

RLDD015H-700

LED driver 176 - 265 V AC/700 mA, 16,8 W

- Outputs: 250-1750 mA / 10-74 W
- Compact encapsulated assembly
- Long service life (50 000h @ 90 °C Tc)
- Different dimming options

### PRODUCT DESCRIPTION

### SPECIFICATIONS

|                                              |              |
|----------------------------------------------|--------------|
| Input voltage AC                             | 230 V        |
| Input voltage ac min                         | 176 V AC     |
| Input voltage ac max                         | 265 V AC     |
| Output voltage (String)                      | 16-24 V DC   |
| Output Current                               | 0.7 A        |
| Power Max                                    | 16.8 W       |
| Dimming                                      | Vaihekulma   |
| Length                                       | 82 mm        |
| Width                                        | 56 mm        |
| Height                                       | 29 mm        |
| Weight                                       | 0.145 kg     |
| IP Class                                     | IP20         |
| Approvals                                    | CE, ENEC, UL |
| Temperature range from                       | -30 °C       |
| Temperature range to                         | 90 °C        |
| Power Factor at 230 V AC, full load. Typical | 0.9          |
