

## MIDWEST OPTICAL - STEP-UP / STEP-DOWN RINGS

MIDEPT MIDWEST OPTICAL SYSTEMS, INC.

F/SU22.5-25.5 Step-up 22,5-25.5 mm

- Step-Up and Step-Down rings
- Adapter Rings

## PRODUCT DESCRIPTION

Step-Up and Step-Down rings make it possible to use filters with dimensions other than the filter thread of the current optics. Step-Up rings are especially useful when you have short focal optics, and then you need a larger filter to avoid vignetting.
