

1-PHASE FILTERS, FN2090-SERIES

FN2090-1-06 FILTER. 2-STAGE 1A/1-PHASE. FLAT PIN

- 1-30 A
- DC-400 Hz
- 2-stage
- Very high differential and common-mode attenuation

PRODUCT DESCRIPTION

FN2090-series 2-stage filters are suitable for applications where good symmetrical and asymmetrical interference attenuation is required.

SPECIFICATIONS
