

POWER TOOL BATTERIES

NORDMAX_BATTERIES

- NiCD, NiMh and lithium batteries
- For several brands eg. Bosch, Makita, Hilti, Festool
- Longer service life for your tool - cut costs!

PRODUCT DESCRIPTION

Our repertory includes high quality power tool batteries by Finnish brand Nordmax. Their selection covers NiCD, MiMh and lithium-batteries suitable for various power tools from several brands such as Bosch, Makita, Hilti, Festool, Metabo, Milwaukee, DeWalt and many more.

Aftermarket batteries offer excellent value for money as they cost significantly less than OEM batteries or new tool kits. Our selection also includes battery chargers for tool batteries.
